Additional Party Package Notes

Party packages allow guests to bring in their own food, cake, decorations, and other non-alcoholic drinks. However, please note that all food must come from a licensed establishment.

While guests are welcome and encouraged to decorate their space, please note that no confetti is permitted on the property. In addition, we ask that no tape, glue, or similar adhesives be used on any property/items belonging to Blue Cork (including, but not limited to, items such as our tables, chairs, bar tops, and pergolas). Unfortunately, we are unable to provide ice and coolers for private parties. You are welcome to bring in your own.

Blue Cork will happily host your event anytime during our normal operating hours.

To help enhance your special day, and to guard against inclement weather, we offer rental of our on-premises tent, equipped with string lights (Please see pricing listed under our "Optional Additional Fees"). Should guests wish to rent a tent of another size or purchase additional tent/party accessories, they are welcome to do so through a licensed outside vendor. However, guests must notify Blue Cork of any outside rentals so that setup and breakdown arrangements can be made.

It is Blue Cork Winery's policy to require a wine server for all parties of 16 guests and up. This ensures that your event can run smoothly and lighten your burden, as well as ensuring safety for all guests consuming alcohol.

Guests can mix and match wines to create their own customized case. A case of wine consists of 12 bottles. Our full wine list with pricing is available on our website at www.bluecorkwine.com.

No outside alcohol is permitted on the premises.

Reservations are nonrefundable. All parties will continue to run in our outdoor space even in instances of light to moderate wind and rain. In the event that weather conditions are deemed unsafe, guests will be given the opportunity to reschedule.

**Please be advised, sales tax and gratuity is not included in this pricing. New Jersey sales tax will be applied to your bill.
